# BIO-IDENTICAL HORMONE REPLACEMENT THERAPY SYMPOSIUM

Discover why anti-aging, preventive medicine and bio-identical hormones are a \$50+ billion annual industry – and growing!

**Mark L. Gordon, M.D., FAAFP** – “A World Leading Age Management Specialist”

Mark L. Gordon, M.D. is a Fellow of the American Academy of Family Physicians and holds a clinical professorship at USC in the Department of Family Medicine. He also has the notoriety of starting the clinical rotation in Aesthetic and Anti-Aging medicine for the department of Internal Medicine at UCLA. Doctor Gordon is the author of “The Clinical Application of Interventional Endocrinology.” Dr. Gordon is reknowned for his knowledge of Traumatic Brain Injury, which is now being recognized as a causative factor for accelerated hormonal deficiencies.

**2011 book launch** - *Traumatic Brain Injury: The Clinical Approach to Diagnosis & Treatment*

**Sangeeta Pati, M.D., FACOG** – “A International Expert in the Field of Natural Hormones”

Sangeeta Pati, M.D. graduated at the top of her medical class at the University of Maryland School of Medicine, Baltimore, and served a residency at Georgetown University School of Medicine, Washington, D.C. She has practiced extensively in the U.S. and internationally including serving as Medical Director for a 350-employee, non-profit organization. Dr. Pati is multi-lingual and is renowned in her field having authored numerous scientific articles and addressing audiences both nationally and internationally. She is recognized by physicians internationally as a foremost authority in the field of Hormone Replacement Therapy. Dr. Pati holds board certifications from the American Board of OB/GYN and American Anti-Aging Board of Medicine.
