American Board of Integrative Medicine

Dear Sir/Madam,

It is with great pleasure that I submit this letter of recommendation on behalf of Dr. Sangeeta Pati. In my position as the Medical Director for Urogyn Specialists of Florida, I have had opportunity to work with many talented physicians. It is however rare to have an opportunity to work with a physician as talented and caring as Dr. Pati.

I have known Dr. Pati for over six (6) years and from the beginning it was obvious that I was associated with a top class physician. She is highly regarded in our medical community and is considered an authority in many subject areas including Integrative medicine. She is well known locally and nationally as an educator and she has an amazing gift of facilitating the participation of others and making those around her function at a higher level of enthusiasm and achievement.

Not only is Dr. Pati an outstanding educator but also a gifted kind hearted physician. She has impacted the lives of all my patient referrals in a positive way. Her exceptional communication skills have allowed her to coordinate patient care with other consultants, regarding complex medical problems and in the end her patients have benefited as a result.

In closing, Dr. Pati represents the embodiment of a physician and in my 20 years of practicing medicine she happens to be one of the few physicians I can attest to having such qualities. Therefore I enthusiastically endorse her candidacy for your Board certification program.

Respectfully yours,

Christopher Walker, MD, FACOG, FICS, FPMRS
